

Hulk

Flexible Harvest due to its slow maturity
High leaf count for individual leaf harvest
Can be used for carton whole leaf or teen production

Hulk is a unique and novel green leaf lettuce variety developed to allow flexibility while maintaining high-quality in the green leaf category. As a young plant, Hulk has a round thick dark green leaves for individual leaf harvest. As Hulk continue to mature, it forms a attractive head that is pliable and holds in the field a very long time.
