

Canyon (1101)

High yield for main season Central Coast regions
A versatile product that can be utilized for both box
early harvest window and bulk for late spring and
summer harvest window

Canyon is a large heading iceberg type for the late spring through summer harvest in the Central Coast regions. Through multiple trials and split blocks, it has shown superiority in yield with its size, uniformity and thick texture. Canyon is a dependable iceberg variety that can be utilized for both the box and bulk markets.
